

MORROW COUNTY OHIO HIGHWAY MAP

Morrow—March 1, 1848.

All of Marion, Delaware, Knox and Richland, beginning at southwest corner of Tully Township, in Marion; east on township line to southeast corner of township; north on township line to northeast corner of said township; north 1 mile; east on nearest line of lots to northeast corner of Section 9, in Troy Township, Richland County; south on nearest line of lots with eastern boundary lines of Franklin, Chester and Bloomfield Townships, Knox County, to southeast corner of Bloomfield Township; west with south line of Bloomfield Township, Knox County, and Bennington and Peru Townships, Delaware County, to the southwest corner of Peru; north 4 miles; west along nearest line of lots to the west line of Oxford Township, Delaware County; north along township line to the Greenville Treaty Line; easterly to the southwest corner of Morven Township, Marion County; north along the west line of Morven and Canaan Townships, Marion County, to the place of beginning. *Acts of Ohio*, XLIV, p. 233. Passed February 24, 1848.

It should be noticed that the eastern boundary of Morrow does not seem to make allowance for the jog in the northwest corner of Knox. This jog is made up of Sections 4 and 9, of T 18, R 19. These two sections are part of Middlebury Township.

No direct reference to this jog is made in the law, which makes the east boundary of Morrow a line south from the northeast corner Section 9, T 20, R 19, on nearest line of lots with the eastern boundary lines of Franklin, Chester and Bloomfield Townships. Mr. W. H. Van Horn, Surveyor of Knox County, informs me that this line, as far as he can determine, left Sections 4 and 9, T 18, R 19, in Knox, thus making the northwest corner of Knox, of 1848, the same as it is today.

House Numbering Dept.

How are numbers assigned?
House numbers were assigned by using a system in which four hundred numbers were placed on each mile of road. This assures sufficient numbers for future buildings.

East-West roads, have odd numbers on the north side and even numbers on the south side.

North-South roads, have odd numbers on the east side and even numbers on the west side.

JUNE 23, 1848

COMM. JRNL

CRAWFORD CO.

TO MORROW CO.

PRIOR TO MARCH 1, 1848
